MASSAGE RECOVERY DEVICE MARKET GROWTH

THE GLOBAL ELECTRIC MASSAGE EQUIPMENT MARKET SIZE IS ESTIMATED TO GROW AT A CAGR OF 8.1% FROM 2023 TO 2033.

THE TOP 5 REASONS PEOPLE HAVE NOT PURCHASED AN ELECTRIC MASSAGE DEVICE ARE AS FOLLOWS.

Cost: Some individuals may find the cost prohibitive, especially if they have other financial priorities.

Lack of Awareness: Some people may not be aware as they have not encountered information or advertisements promoting these products.

Skepticism: There could be skepticism about the effectiveness of electric massage devices.

Concerns about Quality: Quality can vary significantly among different massage devices. Some potential buyers may worry about investing in a device that doesn't meet their expectations in terms of durability and performance.

Medical Conditions: Individuals with certain medical conditions or injuries may be cautious about using electric massage devices without professional guidance.

THE GROWING POPULARITY OF LEISURE, BEAUTY, AND HEALTH ACTIVITIES ALONG WITH THE MINIATURIZATION OF ELECTRIC DEVICES, AND THE INCREASING CONSUMER AWARENESS OF THE BENEFITS OF ELECTRIC MASSAGERS ARE KEY FACTORS ATTRIBUTING TO THE CATEGORY GROWTH.

REEBOK IS TRENDING WITH A NEW ACTIVE
LIFESTYLE CULTURE THAT IS EXPANDING
THE MARKET FOR RECOVERY PRODUCTS

THE TARGET MARKET IS VAST
AND INCLUDES ATHLETES AND
RECREATIONAL SPORTS
ENTHUSIASTS ACROSS
ALL GENRES

WHY REEBOK RECOVERY?

- + ATHLETIC PERFORMANCE RECOVERY PRODUCTS
- + ELEVATED ASPIRATIONAL DESIGNS
- + TRUSTED ATHLETIC HERITAGE

EMOTIONALLY ENGAGING, HIGH VALUE PRODUCTS FROM A
TRUSTED BRAND AT REASONABLE PRICES*

PERCUSSION MASSAGE GUNS

- Boosts circulation. Good circulation is important for your overall health.
- Eases muscle tension and soreness.
- Promotes muscle recovery.
- Helps manage scar tissue.
- Enhances athletic performance.

Item: RK9030A

FEATURES:

- 5 interchangeable massage heads to target different muscle group
- 1800-3200 percussions per minute
- Offers ultra-quiet operation
- Displays speed and battery life
- 10 adjustable speed levels
- Helps protect device from damage during use
- Type C lithium rechargeable up to 4 hours run time on a full charge
- Provides a secure & comfortable grip when in use

Item: RK9060A

FEATURES:

- 9 massage modes
- 8 interchangeable heads to help target specific body parts
- Relieve muscle pain & tension throughout the body
- Red light therapy + ice + heat
- Multiple pivot angles – 0°/45°/90°
- Improves blood circulation
- 2800-3800 percussions per minute
- Promotes muscle activation & workout recovery
- Rechargeable type-C cable
- Ergonomic grip for secure & comfortable hold

Item: RK2000A

FEATURES:

- 6 intensity levels
- 4 interchangeable heads to help target specific body parts in soothing sore muscles, relieve tightness & promote muscle recovery
- 2800-3800 percussions per minute
- Auto shut off – 15 minutes
- Type – C lithium rechargeable
- Up to 60 minutes run time on a full charge

Item: RK1030A

FEATURES:

- 4 massage heads to target different body areas helping to relieve fatigue & soreness
- 6 different speed levels up to 3200 RPM to personalize & target body relief & concerns
- 1900-3300 percussions per minute
- Type C lithium rechargeable with auto off 150 minutes

Item: RK4100A

FEATURES:

- 3 intensity levels
- 8 massage nodes
- Soothes tired feet with rolling shiatsu massage
- Heating level soothes & comforts tired muscles
- Clockwise & counterclockwise rotation
- Promotes Blood Circulation
- Kneading stimulates deep shiatsu massage
- Curved design to comfortably hold feet
- 15 minutes auto shutoff

Item: RK4000A

FEATURES:

- Works up to 2 hours
- Rechargeable
- Great for back & neck
- 8 massage nodes
- 3 intensity levels
- Promotes blood circulation

Item: RK711A

FEATURES:

- 6 massage nodes works synergistically to disperse the vibrations across the body suitable for targeting knots on larger muscle groups
- 12 intensity levels for desired pressure on concerned areas
- Ergonomic design to effectively relieve muscle fatigue along your back or legs
- Promotes blood circulation
- Large LCD display to accurately track your massager's intensity
- Cordless & rechargeable

Item: RK560A

FEATURES:

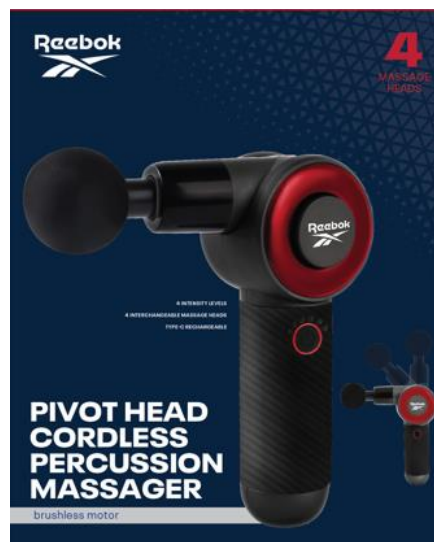

- 20 speed levels
- 6 pair of interchangeable heads to help target specific body parts
- Relieve muscle pain & tension throughout the body
- Improves blood circulation & reduction inflammation
- Brushless motor, quiet use
- Promotes muscles activation & workout recovery
- Rechargeable lithium battery
- Dual head design for increased coverage

Item: RK1010B

FEATURES:

- 4 massage heads to target different body areas helping to relieve fatigue & soreness
- 6 different speed levels up to 3200 RPM to personalize & target body relief & concerns
- 1900-3200 percussion per minute
- Type C lithium rechargeable with auto off 150 minutes

Item: RK9011B

FEATURES:

- Up to 60 minutes of operation with a full charge
- 4 speed levels up to 3200 RPM to personalize & target body relief & concerns
- 4 interchangeable heads to target different parts of the body to relieve muscle tension & soreness
- Powerful motor allows a quiet operation while lasting longer between charges
- Durable handle provides a secure & comfortable grip when in use
- Compact & rechargeable design; perfect while traveling

Item: RK1716B

FEATURES:

- 4 massage heads to target different body areas helping to relieve fatigue & soreness
- 6 different speed levels up to 4500 RPM to personalize & target body relief & concerns
- 2500-4500 percussion per minute
- Up to 60 minutes run time on a full charge
- Type C lithium rechargeable with auto off 15 minutes

Item: RK1010B

FEATURES:

- 4 massage heads to target different body areas helping to relieve fatigue & soreness
- 6 different speed levels up to 3200 RPM to personalize & target body relief & concerns
- 1900-3200 percussions per minute
- Type C lithium rechargeable with auto off 150 minutes

Item: RK1716B

FEATURES:

- 4 massage heads to target different body areas helping to relieve fatigue & soreness
- 6 different speed levels up to 4500 RPM to personalize & target body relief & concerns
- 2500-4500 percussions per minute
- Up to 60 minutes run time on a full charge
- Type C lithium rechargeable with auto off 15 minutes

Item: RK1030B

FEATURES:

- 4 massage heads to target different body areas helping to relieve fatigue & soreness
- 6 different speed levels up to 3200 RPM to personalize & target body relief & concerns
- 1900-3300 percussion per minute
- Type C lithium rechargeable with auto off 150 minutes

Item: RK9040B

FEATURES:

- Ideal for targeting various areas such as shoulders, backs, legs & more- offering relief wherever you need it most
- Customize your massage with 10 adjustable intensity levels, allowing you to tailor the pressure to your personal comfort
- 7 unique massage heads to provide a variety of techniques, from deep tissue relief to soothing, gentle massage
- With a speed range of 1600-2400 RPM, you can choose the right pace for your body's needs, whether it's relaxing or intense relief
- Fully charges in just 60 minutes, so you're always ready for a quick & effective massage session

Item: RK2000C

FEATURES:

- 6 intensity levels
- 4 interchangeable heads to help target specific body parts in soothing sore muscles, relieve tightness & promote muscle recovery
- 2800-3800 percussions per minute
- Auto shut off – 15 minutes
- Type – C lithium rechargeable
- Up to 60 minutes run time on a full charge

Item: RK1000C

FEATURES:

- Great for post fitness recovery, relaxation & stress relief
- 6 intensity levels
- 4 interchangeable heads to help target specific body parts in soothing sore muscles, relieve tightness & promote muscle recovery
- 2500-4500 percussions per minute
- Up to 60 minutes run time on a full charge
- Type-C lithium rechargeable

Item: RK3000C

FEATURES:

- Hot & cold therapy
- 6 intensity levels
- 6 interchangeable heads to help target specific body parts in soothing sore muscles, relieve tightness & promote

Item: RK1030C

FEATURES:

- 15 adjustable modes & speeds for customized pressure
- 6 interchangeable heads to help target specific body parts in soothing sore muscles, relieve tightness & promote muscle recovery
- Up to 90 minutes run time on a full charge
- Auto shut off – 15 minutes
- Ergonomic rubber handle allows for easy handling
- Quiet operation

Item: RK1000C

FEATURES:

- Great for post fitness recovery, relaxation & stress relief
- 6 intensity levels
- 4 interchangeable heads to help target specific body parts in soothing sore muscles, relieve tightness & promote muscle recovery
- 2500-4500 percussions per minute
- Up to 60 minutes run time on a full charge
- Type-C lithium rechargeable

Item: RK900C

Item: RK3002C

SHIATSU MASSAGE

- Helps Relieve Muscle Pain.
- Boost the Health of Your Skin.
- Relieve Migraines.
- Improve Your Mood.
- Reduce Constipation.
- Help Deal with Sleep Disorders.

Item: RK4040A

FEATURES:

- 6 massage modes
- 4 multi directional nodes to provide a deep massage targeting shoulders, neck, back, legs, waist & more
- Built in heating function to help relieve pain Tense muscles
- 15 minutes auto shut-off

Item: RK4020A

FEATURES:

- 5 interchangeable heads to target different parts of the body to relieve muscle tension & soreness
- 6 intensity levels reaching up to 3200 RPM, for a customizable experience that fits your preference
- 2000-32000RPM percussions per minute
- Massager mimics or ling pressure & patterns of shiatsu massage. Improves circulation & reduces inflammation
- Compact & rechargeable design; perfect while traveling

Item: RK4060A

FEATURES:

- 6 massage nodes to target trigger points
- 3 intensity levels
- 2 adjustable heating levels
- Relieve muscle soreness, fatigue, and stiffness in neck and shoulders
- Portable for on-the-go with hands-free strap
- Cordless and rechargeable

Item: RK4000B

FEATURES:

- 70 minutes on full charge
- 2 modes for desired pressure in concerned areas
- 4 nodes that move clockwise & counterclockwise to target different body areas helping to relieve fatigue & soreness
- Velcor elastic strap on back to help secure in place on seats
- Perfect for on-the-go; auto shut off 15 minutes

Item: RK4020B

FEATURES:

- 5 interchangeable heads to target different parts of the body to relieve muscle tension & soreness
- 6 intensity levels reaching up to 3200 RPM, for a customizable experience that fits your preference
- 2000-32000RPM percussions per minute
- Massager mimics or ling pressure & patterns of shiatsu massage. Improves circulation & reduces inflammation

Item: RK4000C

FEATURES:

- 6 massage modes
- 4 multi directional nodes to provide a deep massage targeting shoulders, neck, back, legs, waist & more
- Built in heating function to help relieve pain Tense muscles
- 15 minutes auto shut-off

Item: RK1620C

FEATURES:

- Soothes tired feet with rolling shiatsu massage
- Choose the right massage intensity from 3 intensity levels
- 1 heating level soothes & comforts tired muscles
- 16 massage nodes with clockwise & counter clockwise
- Kneading stimulates deep shiatsu massage
- 15 minute auto shut-off

VIBRATING ROLLERS

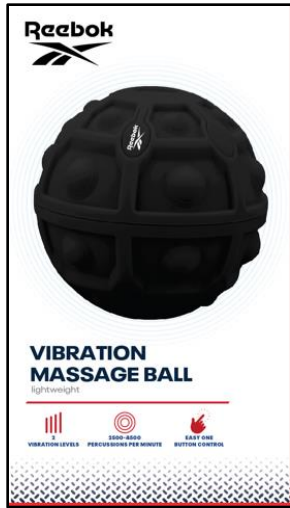

- Work-out preparation.
- Relieves Muscle Tension.
- Improved Range of Motion.
- Speeds up Recovery.
- Increased Blood Flow.
- Reduced Risk of Injury.

Item: RK5206A

FEATURES:

- Powerful relief
- Adjustable settings- 5 levels of vibration
- Long battery life- 6 hours of use on the highest intensity
- Durable – crafted with an abs plastic interior, A high-density foam exterior and customized grooves, our foam rollers are built to last through all your warm-up, cool-down, and recovery sessions

Item: RK5213C

FEATURES:

- 2 vibration levels
- Vibration therapy for instant relief targeting hands, shoulders, knees, feet & face
- Increases blood flow & relieves muscle tension
- Easy one button control
- Operates on AAA batteries (not included)

Item: RK5212C

FEATURES:

- 3 vibration levels
- Vibration therapy for instant relief targeting hands, shoulders, knees, feet & face
- Increases blood flow & relieves muscle tension
- 15 minutes auto shut off
- Up to 3 hours of run time on a full charge
- Type C- rechargeable

HEATED VIBRATING WRAP

- Work-out preparation.
- Relieves Muscle Tension.
- Improved Range of Motion.
- Speeds up Recovery.
- Increased Blood Flow.
- Reduced Risk of Injury.

Item: RK1601C

FEATURES:

- Soothing heat function
- Gentle vibration for relaxation
- 3 timer options: 15,10 or 5 minutes for a customized therapy
- Rechargeable- lasts 120 minutes on a full charge
- LED indicator showing charging status
- Easy to use buttons
- Adjustable fit for the wrist

Item: RK1602C

FEATURES:

- Heat & vibration for knee & elbow
- 3 vibration modes for a gentle massage & deliver soothing relief on sore muscles
- 3 heat levels (low, medium, & high) for a customized therapy
- Adjustable straps for a secure fit along the knee or elbow
- Extra strap included for larger sizes
- Easy one button controls

EMS

- Electrical muscle stimulation involves sending electrical impulses through the skin. This stimulation may provide benefits, such as helping repair tissue and strengthening.
- The electrical impulses mimic what occurs when someone contracts and releases a muscle naturally. Physical therapists and doctors use this technique to treat people with various diseases and injuries.

Item: RK2125A

FEATURES:

- Electro muscle stimulator (EMS)
- Shape & Tone-shape desired body muscles; including butt, waist & thighs
- Pulse modes- Bionic micro-current with 6 modes & 10 intensity levels for desired training effect
- EMS tech – directly send signals to your muscles & promote muscle movement
- Portable on-the-go anytime/ anywhere exercise(can even wear under your clothes)
- Uses 2 AAA batteries per unit (not included)

Item: RK2115A

FEATURES:

- Cordless & rechargeable
- Intensity levels – 19 intensity levels for instant relief targeting hands, shoulders, knees, feet & face
- Interchangeable heads- 3 interchangeable heads for different areas of concern
- Electrical pulses-Non-invasive electrical pulses help stimulate & massages away strain & soreness

Item: RK2135A

FEATURES:

- Neuromuscular Electrical stimulation technology
- 19 intensity levels of instant relief targeting hands, shoulders, knees, feet & face
- 8 different modes helps increase blood circulation & reduces lower extremity swelling and cramping
- Non-invasive electrical pulses promotes relaxation of muscle & temporarily relieves pain

Item: RK2125B

FEATURES:

- Electro muscle stimulation (EMS) directly sends signals to your muscles & promotes muscle movement
- 10 intensity levels for a customizable experience that fits your preference
- Bionic micro-current with 6 modes help heal & stimulate muscles
- 3 piece kit that helps shape desired body muscles; including butt, waist, arms & thighs
- Automatically powers off after 15 minutes to preserve quality
- On-the-go anytime/ anywhere exercise

Item: RK2115B

FEATURES:

- Cordless & rechargeable
- 9 intensity levels for instant relief targeting hands, shoulders, knees, feet & face
- 3 interchangeable heads for different areas of concern
- Non – invasive electrical pulses help stimulate & massage away strain & soreness

Item: RK2135B

FEATURES:

- Neuromuscular electrical stimulation technology
- 19 intensity levels for instant relief targeting hands, shoulders, knees, feet & face
- 8 different modes helps increase blood circulation & reduces lower extremity swelling & cramping
- Non-invasive electrical pulses promote relaxation of muscle & temporarily relieves pain
- Lasts up to 5 hours on a full charge

Item: RK2125C

FEATURES:

- Electro muscle stimulator(EMS)
- Firms , tone, & strengthens feet muscles
- 6 pulse modes
- On-the-go anytime/anywhere exercise(wear under your clothes)
- Uses 2 AAA batteries per unit

Item: RK2115C

FEATURES:

- Cordless & rechargeable
- 9 intensity levels for instant relief targeting hands, shoulders, knees, feet & face
- 3 interchangeable heads for different areas of concern
- Non-invasive electrical pulses help stimulate & massage away strain & soreness
- Operates on 1 AA battery (not included)

Item: RK2135C

FEATURES:

- Electro muscle stimulator(EMS)
- Firms , tone, & strengthens feet muscles
- 8 massage modes
- Foldable & lightweight for easy storage
- Up to 5 hours run time on a full charge
- Remote control included

EXTREME SHOCK

- Cold therapy: speeds up recovery after physical exercise - linked to improved quality of sleep, more focus, and even an improved immune response - increases the production of a neurotransmitter called norepinephrine (focus, attention, vigilance, mood), as a result, can produce a feeling of calm, happiness, and well-being, which can support the mitigation of mental health symptoms such as depression and anxiety.
- Vibration platforms: Better muscle recovery - Increased muscle strength - Reduced bone loss - Better balance - Greater flexibility - Decreased muscle soreness - Faster weight loss - Boosted immunity.

Item: RK8000A-PNK

FEATURES:

- Durable & wear resistant- great for all weather conditions, perfect for indoor/outdoor use
- Travel friendly- foldable design to take anywhere on-the-go with travel bag included
- Installation-simple, easy and quick installation
- Protective cover - cover included for better maintenance. Prevents bugs, leaves & debris from falling into water
- Recovery – Reduce inflammation & speed up recovery process by delaying muscle pain & improve sleep quality

Item: RK8000A-RED

FEATURES:

- Durable & wear resistant- great for all weather conditions, perfect for indoor/outdoor use
- Travel friendly- foldable design to take anywhere on-the-go with travel bag included
- Installation-simple, easy and quick installation
- Protective cover - cover included for better maintenance. Prevents bugs, leaves & debris from falling into water
- Recovery – Reduce inflammation & speed up recovery process by delaying muscle pain & improve sleep quality

Item: RK8050A

FEATURES:

- Max capacity 265lbs
- Programs-9 programs great for toning abs, thighs & buttocks.
- Helps accelerate fat burning & weight loss
- Intensity levels-99 adjustable levels to assist exercise for full body training
- Built – in magnetic therapy- helps reduce muscle aches & promotes full-body wellness. Helps support flexibility, strength & enhance your movement
- LED display- screen displays time & speed
- Inclusions- remote control & 2 loop resistance bands

Item: RK711A

FEATURES:

- 6 massage nodes work synergistically to disperse the vibrations across the body suitable for targeting knots on larger muscle groups
- 12 intensity levels for desired pressure on concerned areas
- Ergonomic design to effectively relieve muscle fatigue along your back or legs
- Promotes blood circulation
- Large LCD display to accurately track your massager's intensity
- Cordless & rechargeable

Item: RK9060A

FEATURES:

- 9 massage modes
- 8 interchangeable heads to help target specific body parts
- Relieve muscle pain & tension throughout the body
- Red light therapy + ice + heat
- Multiple pivot angles – 0°/45°/90°
- Improves blood circulation
- 2800-3800 percussions per minute
- Promotes muscle activation & workout recovery
- Rechargeable type-C cable
- Ergonomic grip for secure & comfortable hold

Item: RK3000C

FEATURES:

- Hot & cold therapy
- 6 intensity levels
- 6 interchangeable heads to help target specific body parts in soothing sore muscles, relieve tightness & promote

PERCUSSION MASSAGE GUNS

- Boosts circulation. Good circulation is important for your overall health.
- Eases muscle tension and soreness.
- Promotes muscle recovery.
- Helps manage scar tissue.
- Enhances athletic performance.

Item: RK1402

FEATURES:

- 6 speed settings
- 4 interchangeable heads to help target specific body parts
- Cycle through 3 massage modes to speed up workout recovery & promote muscle activation
- Extended 90° curved angle allows you to reach a wider area including harder to reach spots
- 3800 percussions per minute
- Durable rubber coated shock proof handle provides a secure & comfortable grip in use
- Lithium rechargeable battery with USB-C charging

Item: RK1710

FEATURES:

- 6 massage Modes
- 6 interchangeable heads to help target specific body parts
- Relieve muscle pain & tension throughout the body
- Improves blood circulation
- Reduces inflammation
- 1800-3200 percussions per minute
- Promotes muscle activation & workout recovery
- Connects via bluetooth

Item: RK560

FEATURES:

- Electro muscle stimulator(EMS)
- Firms , tone, & strengthens feet muscles
- 8 massage modes
- Foldable & lightweight for easy storage
- Up to 5 hours run time on a full charge
- Remote control included

Item: RK1840

FEATURES:

- 9 massage modes
- 8 interchangeable heads to help target specific body parts
- Relieve muscle pain & tension throughout the body
- Red light therapy + ice + heat
- Multiple pivot angles – 0°/45°/90°
- Improves blood circulation
- 2800-3800 percussions per minute
- Promotes muscle activation & workout recovery
- Rechargeable type-C cable
- Ergonomic grip for secure & comfortable hold

Item: RK1400

FEATURES:

- 15 adjustable massage modes & intensities for customized pressure
- 6 interchangeable heads to help target specific body parts in soothing sore muscles & relieve tightness
- Rubber coated shock proof handle for long durable use
- Cordless & rechargeable
- Type C lithium rechargeable
- Promotes Muscle Activation & workout Recovery

Item: RK6000

SHIATSU MASSAGE

- Helps Relieve Muscle Pain.
- Boost the Health of Your Skin.
- Relieve Migraines.
- Improve Your Mood.
- Reduce Constipation.
- Help Deal with Sleep Disorders.

Item: RK4200

FEATURES:

- Cordless & rechargeable
- Up to 80 minutes run time on a full charge
- 2 adjustable heating compression levels for fatigue & relief
- 1 massage mode & 3 intensity levels to help relieve muscle soreness & stiffness
- 6 massage nodes to target trigger points & gently massage neck, shoulders, back or legs
- Removable & washable fabric cover for easy cleaning
- Wearable design with hands-free strap

Item: RK4020

FEATURES:

- 5 interchangeable heads to target different parts of the body to relieve muscle tension & soreness
- 6 intensity levels reaching up to 3200 RPM, for a customizable experience that fits your preference
- 2000-3200RPM percussions per minute
- Massager mimics or ling pressure & patterns of shiatsu massage. Improves circulation & reduces inflammation
- Compact & rechargeable design; perfect while traveling

Item: RK4100

FEATURES:

- 3 intensity levels
- 8 massage nodes
- Soothes tired feet with rolling shiatsu massage
- Heating level soothers & comforts tired muscles
- Clockwise & counter clockwise rotation
- Promotes blood circulation
- Kneading stimulates deep shiatsu massage
- Curved design to comfortably hold feet
- 15 minutes auto shut off

Item: RK1200

FEATURES:

- 6 speed levels
- 5 interchangeable heads to help target specific body parts
- Deep tissue massage mimics rolling pressure & patterns for shiatsu massage
- Improves blood circulation
- Reduces inflammation
- 1800-3200 percussions per minute
- 15 minutes auto shut off
- Promotes muscle activation & workout recovery

Item: RK4000

FEATURES:

- Works up to 2 hours
- Rechargeable
- Great for back & neck
- 8 massage nodes
- 3 intensity levels
- Promotes blood circulation

VIBRATING ROLLERS

- Work-out preparation.
- Relieves Muscle Tension.
- Improved Range of Motion.
- Speeds up Recovery.
- Increased Blood Flow.
- Reduced Risk of Injury.

Item: RK2400

FEATURES:

- 3 vibration levels
- Stretches & Tone muscles
- Promotes blood circulation
- Cordless & rechargeable
- Works up to 90 minutes on a full charge

Item: RK5204

FEATURES:

- Helps release soreness & muscle tension
- 10 vibration levels : 3000 to 8000 percussive per minute
- Increases range of motion
- Helps release muscle knots & improves posture
- Cordless & rechargeable can be used anywhere at any time
- Up to 60 minutes run time on a full charge
- 15 minutes auto shut-off

Item: RK5203C

FEATURES:

- Delivers pinpointed pressure & vibration to focused area
- 2 vibration levels : 4500-6000 percussive per minute
- Helps release soreness & relaxes muscle tension
- Improves postures
- Cordless & rechargeable can be used anywhere at any time
- Up to 60 minutes run time on a full charge
- 15 minutes auto shut-off
